### The Gnome Foundation

401 Park Drive  
Boston, MA 02215  
[ten@gnome.org](mailto:ten@gnome.org)

Introductory text about the foundation goes in here. This should be pretty interesting, after all it's information about the organization. Maybe we could talk about what the Foundation is about...but only briefly. If people want to find out more, they should click on "About the Foundation" on the left.

In this text, there should be a link to [GNU.org](#) as well.
